Synthetic test data

Acceptance review

Tick each item after reviewing the corresponding UAT evidence.

- [ ] UAT report and all 12 scenario outcomes reviewed.
- [ ] Standard and admin sign-in and access behaved as documented.
- [ ] Project creation, valid upload and document reading worked.
- [ ] Assessment progress, Qwen output and results were reviewed.
- [ ] Owner History reopened projects and the report PDF downloaded.
- [ ] Admin Users and Projects records and test-user password reset worked.
- [ ] Required fields and invalid/unsupported uploads showed clear messages.
- [ ] Evaluate prevented an accidental duplicate run after processing began.
- [ ] The scope is understood as staging; no production sign-off is implied.

Acceptance basis

The attached UAT Report records all 12 scenarios as PASS on staging.
Record your decision, reviewer details and any conditions on page 2.

Decision and reviewer details
